Reading the payment plan

Payment plans are shown as slash-separated percentages of the total price. A three-part plan like **10/40/50** means 10% down payment / 40% during construction / 50% on handover. A two-part plan like **35/65** means 35% during construction / 65% on handover. Where a project lists a post-handover component, extra segments appear (e.g. 20/35/5/40). The "Down %" column is the portal's stated booking/down-payment figure where available.
